

Kangarilla Nature Play Playgroup

Kangarilla Primary School held a Nature Play Playgroup recently - it was fantastic to see so many members of their community coming along to enjoy the activities.

Pre-schoolers, their parents and grandparents enjoyed the nature play activities. Despite the windy conditions we eventually got the campfire going!

Cooked juicy marshmallows were enjoyed by all. Meditation by the creek bed was a favourite activity with everyone watching the clouds float quickly across the sky, listening to all the sounds by the creek and identifying

the creatures by their noises.

After a story of Wombat Stew everyone had fun making their own stews with objects from around the oval and gardens.

Fresh fruit made for a delicious morning tea and a sausage sizzle filled up many hungry tummies.

The children had fun building in the sand, cooking marshmallows and interacting with new friends.

Emmett Schmaal and Kooper Schmaal.

Casey Stevens, Amber Stevens, Abby Stevens, Hazel Stevens and Emily Rosser.

Planting Day at Kangarilla

The Kangarilla Primary School community of parents, students, friends and community members joined together with the Kangarilla Landcare Group to plant over 150 plants, trees and grasses along the Kangarilla Creek bed
