

R/1/2 class

The R/1/2 class has 17 students and two teachers. The principal Donna Lean teaches in this class for 3 days a week and Vanessa Murray teaches the remaining days. There are 3 Reception students, 5 Year 1s and 9 Year 2s. There are 10 girls and 7 boys.

The class has P.E and Health with Specialist teacher, Carly Rosser, on Monday, Cultural Studies with Kathy Zilm on Wednesday and Music with Cheryl Clark on Thursday. Many of our children have piano, drums, and guitar or singing lessons during school time with private providers at a very reasonable cost.

Highlights for the R/1/2 class so far have included swimming at Noarlunga Centre, Brainticking, cooking, gardening, learning to program the BeeBots and ProBots, P.E, Art, and lots of hands on problem solving.

Our students have been delighted to have used the creek more and have learnt lots in Science about creek animals, insects and amphibians. They have learnt how to observe animals with care and safety, student water safety and environmental issues.

The students have loved the new addition to the playground area of the Mud Kitchen. Many hours of imaginative play have resulted from the addition of the mud kitchen. This was kindly made and donated by a parent, Simon Cobby.

We are looking forward to having students from the Clarendon Kindy come for a day of activities at the end of term 1. Last year Meadows Kindy came and enjoyed their action packed fun day as well and we hope they will join us in second term.

All students are eagerly looking forward to the Whole School Camp. This is at Illawonga in third term. We are looking forward to hunting for fossils, learning to drive a boat, playing in the foam pit, doing gymnastics, watching sheep being shorn and having great adventures at the campsite.
